AMEND Senate Bill No. 3280*

House Bill No. 3637

by deleting all language following the enacting clause and substituting instead the following:

SECTION 1. Tennessee Code Annotated, Section 10-7-503, is amended by deleting subsection (a) in its entirety and substituting instead the following:

(a)

(1)

(A) All state, county and municipal records shall at all times, during business hours, be open for personal inspection by any person, and those in charge of such records shall not refuse such right of inspection, unless otherwise provided by state law.

(B) The custodian of a public record or the custodian's designee shall promptly make available for inspection any public record not specifically exempt from disclosure. In the event it is not practicable for the record to be promptly available for inspection, the custodian shall within five (5) business days:

(i) Make such information available to the requestor;

(ii) Deny the request in writing or by completing a records request response form developed by the office of open records counsel. The response shall include the basis for the denial; or

(iii) Furnish the requestor a completed records request response form developed by the office of open records counsel stating the time reasonably necessary to produce such record or information.

(2) Failure to respond to the request as described in subdivision (a)(1) shall constitute a denial and the person making the request shall have the right to bring an action as provided in § 10-7-505.

(3) This section shall not be construed as requiring a governmental entity or public official to sort through files to compile information; however a person requesting such information shall be allowed to inspect the non-exempt records.

(4) This section shall not be construed as requiring a governmental entity or public official to create a record that does not exist; however the redaction of confidential information from a public record or electronic database shall not constitute a new record.

(5) A governmental entity is prohibited from avoiding its disclosure obligations by contractually delegating its responsibility to a private entity.

(6) A records custodian may not require a written request or identification to view a public record unless otherwise required by statute, but may require a request to provide copies of any public record to be in writing or on a form to identify specific records to be copied. The custodian shall provide a requestor an estimate of reasonable costs to provide such copies. If the requestor does not provide contact information, it is the obligation of the requestor to return to the custodian to receive the response.

(7) "Public record or records" or "state record or records" means all documents, papers, letters, maps, books, photographs, microfilms, electronic data processing files and output, films, sound recordings, or other material, regardless of physical form or characteristics made or received pursuant to law or ordinance or in connection with the transaction of official business by any governmental agency.
